

Marko Branica - List of publications

1. V.B. VOUK, M. BRANICA, and O.A. WEBER, Arhiv. kem. 25 (1953) 225-234, Note on polarographic determination of +6 uranium.
2. O.A. WEBER, M. BRANICA, and V.B. VOUK, Arhiv. kem., 25 (1953) 235-240, Polarographic behaviour of +6 uranium in a mixture of salycilic and sulphuric acid.
3. B. TEŽAK, M. BRANICA, H.FÜREDI, and N. ŠIMUNOVIĆ, Proc. 1st Intern. Conf. Peaceful Uses of Atomic Energy, Geneva, 1955, Vol. 7 401-407 (P/991), On some precipitation and coprecipitation systems of thorium and uranium salts.
4. M. BRANICA, E. BONA, N. ŠIMUNOVIĆ, and B. TEŽAK, Croat. Chem. Acta, 28 (1956) 9-12, Extraction of inorganic ions with organic solvents. I. Continuous extraction of uranyl nitrate with tetrahydrosilvane and tetrahydropyrane.
5. Š. MESARIĆ, and M. BRANICA, Croat. Chem. Acta, 30 (1958) 81-88, Spectrophotometric and polarographic determination of ruthenium in oxalic acid.
6. M. BRANICA, and Š. MESARIĆ, Croat. Chem., Acta, 30 (1958) 89-94, Polarographic determination of ruthenium in citrates and tartrates solutions.
7. M. BRANICA, and E. BONA, Proc. 2nd Intern. Conf. Peaceful Uses of Atomic Energy, Geneva, 1958, Vol. 17 172-174, Partition of uranium and thorium between solutions of nitric and perchloric acids and four organic solvents.
8. Š. MESARIĆ, and M. BRANICA, Proc. 2nd Intern. Conf. Peaceful Uses of Atomic Energy, Geneva, 1958, Vol. 28 81-87 (P/483), The behaviour of ruthenium in solutions of some organic acids.
9. B. TEŽAK, H. FÜREDI and M. BRANICA, Proc. 2nd Intern. Conf. Peaceful Uses of Atomic Energy, Geneva, 1958, Vol. 28 250 (P/2413), Three-dimensional presentation of precipitation of uranyl ion in aqueous systems of sodium carbonate and barium chloride.
10. V. PRAVDIĆ, M. BRANICA, and Z. PUČAR, Croat. Chem. Acta, 33 (1961) 151-153, Electrochemical reduction of uranium(VI) to uranium(V) in carbonate solutions.
11. B. TOMAŽIĆ, M. BRANICA, and B. TEŽAK, Croat. Chem. Acta, 34 (1962) 41-50, Precipitation and hydrolysis of uranium(VI) in aqueous solutions: uranyl nitrate-potassium hydroxide-neutral electrolyte.
12. H. BILINSKI; H. FÜREDI, M. BRANICA, and B. TEŽAK, Croat. Chem. Acta, 35 (1963) 19-13, Precipitation and hydrolysis of thorium(IV) in aqueous solutions. I. Thorium nitrate-potassium hydroxide. Determination of solubility constants of $\text{Th}(\text{OH})_4$.
13. M. PETEK, and M. BRANICA, J. Polarographic Soc., 9 (1963) 1-7, Polarographic investigation of metal acetylacetonate. I. Ferric acetylacetonates.
14. Lj. JEFTIĆ, and M. BRANICA, Croat. Chem. Acta, 35 (1963) 203-210, Square wave polarography of uranium(VI). I. Aqueous solutions of acetylacetone.
15. Lj. JEFTIĆ, and M. BRANICA, Croat. Chem. Acta, 35 (1963) 211-216, Square wave polarography of uranium(VI). II. Influence of surface active agents.
16. V. PRAVDIĆ, M. BRANICA, and Z. PUČAR, Electrochem. Technology, 1 (1963) 312-315, Preparation of uranium dioxide by electrochemical reduction of uranium(VI) to uranium(IV) in carbonate solutions and subsequent precipitation. I. The electrolysis of uranium(VI) in sodium carbonate solutions.
17. M. BRANICA, V. PRAVDIĆ, and Z. PUČAR, Croat. Chem. Acta, 35 (1963) 281-287, Preparation of uranium dioxide by electrochemical reduction in carbonate solution and subsequent precipitation. II. Precipitation of uranium(IV) from sodium carbonate solutions.
18. V. PRAVDIĆ, M. BRANICA, and Z. PUČAR, New Nuclear Materials Including Non-Metallic Fuels, Vol. I, p. 55-63, I.A.E.A., Vienna, 1963, Preparation of uranium dioxide by electrochemical reduction in ammonium carbonate solutions and subsequent precipitation.

19. B. TOMAŽIČ, and M. BRANICA, Croat. Chem. Acta, 36 (1964) 9-12, Determination of barium in uranium compounds by conductometric titration.
20. M. BRANICA, and V. PRAVDIĆ, "Polarography 1964", Proc. 3rd Intern. Polarog. Congr., Southampton, 1964, MacMillan, London, 1966, 435-445, Reduction, Oxidation and disproportionation of uranium ions in sodium carbonate solutions.
21. M. PETEK, Lj. JEFTIĆ, and M. BRANICA, "Polarography 1964", Proc. 3rd Intern. Polarog. Congr., Southampton, 1964, MacMillan, London, 1966, 491-504, Polarographic investigation of metal acetylacetonates. I. Cupric acetylacetonates.
22. V. PRAVDIĆ, M. BRANICA, and Z. PUČAR, Proc. 3rd Intern. Conf. Peaceful Uses of Atomic Energy, Geneva, 1964, Vol. 28 1-14 (P/703), Uranium dioxide production. A survey of electrochemical reduction and precipitation from carbonate solutions.
23. V. ŠKARIĆ, V. TURJAK-ZEBIĆ, M. BRANICA, and Dj. ŠKARIĆ, Croat. Chem. Acta, 36 (1964) 221-231, 4,5,6,7-Tetrahydroindazol-3-one carboxylic acids. IV. Acid dissociation constants and complexes formation with calcium, strontium and barium.
24. M. BRANICA and J. KUTA, Collect. Czechoslov. Chem. Commun., 31 (1966) 2833-2840, Polarographic study of reduction and dismutation of uranium in aqueous solutions of acetylacetone.
25. B. TOMAŽIČ, and M. BRANICA, Croat. Chem. Acta, 37 (1965) 277-280, Polarographic determination of potassium in uranium compounds.
26. H. BILINSKI, M. BRANICA, and L.G. SILLEN, Acta Chem. Scand., 20 (1966) 853-861, Precipitation and hydrolysis of metallic ions. II. Studies on the solubility of zirconium hydroxide in dilute solutions and 1 M NaClO₄.
27. D. MALJKOVIĆ, and M. BRANICA, Croat. Chem. Acta, 38 (1966) 65-68, Equilibria of liquid phases in the ternary system: FeCl₃ -H₂O -IPE.
28. B. ČOSOVIĆ, and M. BRANICA, J. Polarographic Soc., 12 (1966) 5-11, Polarographic investigation of metal acetylacetonates. III. Indium acetylacetonates.
29. D. MALJKOVIĆ, and M. BRANICA, Croat. Chem. Acta, 38 (1966) 193-204, An investigation of the system: Ferric chloride-hydrochloric acid-water-isopropyl ether.
30. B. TOMAŽIČ, and M. BRANICA, Croat. Chem. Acta, 38 (1966) 249-262, Precipitation and hydrolysis of uranium(VI) in aqueous solutions. V. The composition of the precipitates from solutions of uranyl nitrate potassium hydroxide - K, Ca, Sr, Ba and Eu- nitrate.
31. B. ČOSOVIĆ, and M. BRANICA, J. Polarog. Soc., 12 (1966) 97-100, Polarographic investigations of metal acetylacetonates. IV. Kinetic parameters of the electrochemical reaction of indium acetylacetonates.
32. Z. ORHANOVIĆ, B. POKRIĆ, H. FÜREDI and M. BRANICA, Croat. Chem. Acta, 38 (1966) 269-276, Precipitation and hydrolysis of metallic ions. III. Studies on the solubility of yttrium and some rare earth hydroxides.
33. H. BILINSKI, and M. BRANICA, Croat. Chem. Acta, 38 (1966) 263-268, Precipitation and hydrolysis of metallic ions of seawater. I. Ionic state of zirconium and thorium in seawater.
34. V. ŽUTIĆ, and M. BRANICA, J. Polarog. Soc., 13 (1967) 9-16, Electrochemical reduction of UO₂²⁺ - Me₂CO₃-H₂O₂ solutions. I. Polarographic and coulometric investigations in 1 M Na₂CO₃.
35. A. BARIĆ, and M. BRANICA, J. Polarog. Soc., 13 (1967) 4-8, Polarography of seawater. I. Ionic state of cadmium and zinc in seawater.
36. B. POKRIĆ, and M. BRANICA, Croat. Chem. Acta, 39 (1967) 11-23, Precipitation and hydrolysis of metallic ions in seawater. II. Precipitation of some rare earths in seawater.
37. M. PETEK, J. KUTA and M. BRANICA, Collection Czech. Chem. Commun., 32 (1967) 3510-3519, Cupric acetylacetonates and their adsorption on mercury.

38. M. BRANICA, M. PETEK, A. BARIĆ, and Lj. JEFTIĆ, Proc. XX CIESM, Congress Bucharest, 1966, Rapp. Comm. Int. Mer Medit., 19 (1969) 929-933, Polarographic characterization of some trace elements in seawater.
39. M. BRANICA, H. BILINSKI, and B. POKRIĆ, Thalassia Jugosl., 5, (1969), 17-23, Application of tyndallometric measurements on precipitation studies in distilled water and in seawater.
40. M. PETEK, and M. BRANICA, Thalassia Jugosl., 5 (1969) 257-261, Hydrographic and biotical conditions in the north Adriatic. III. Distribution of ionic zinc and iodate.
41. Lj. JEFTIĆ, J. ČAJA, and M. BRANICA, Croat. Chem. Acta, 39 (1967) 225-228, A preliminary electrochemical study of plutonium in carbonate solutions on hanging mercury drop electrode.
42. L. SIPOS, and M. BRANICA, J. Polarog. Soc., 14 (1968) 3-6, The polarographic determination of O/U ratio in uranium oxides.
43. V. ŽUTIĆ, and M. BRANICA, J. Electroanal. Chem., 19 (1968) 259-266, Double-layer effect on the polarographic reduction of uranyl peroxodicarbonato ion.
44. B. TOMAŽIČ, and M. BRANICA, Inorg. Nucl. Chem. Letters, 4 (1968) 377-380, Separation of uranium(VI) from rare earths(III) by hydrolitic precipitation.
45. N. PAVKOVIĆ, M. BRANICA, and B. TEŽAK, Croat. Chem. Acta, 40 (1968) 117-126, The precipitation and solubility of uranyl orthophosphates. I. Heterogeneous equilibria in solutions of: $\text{UO}_2(\text{NO}_3)_2 \cdot \text{H}_3\text{PO}_4$.
46. N. PAVKOVIĆ, M. WRISCHER, and M. BRANICA, Croat. Chem. Acta, 40 (1968) 127-130, The precipitation and solubility of uranyl orthophosphates. II. Heterogeneous equilibria in solutions of: $\text{UO}_2(\text{NO}_3)_2 \cdot \text{H}_3\text{PO}_4 \cdot \text{HNO}_3$.
47. B. ČOSOVIĆ and M. BRANICA, J. Electroanal. Chem., 20 (1969) 269-277, Polarographic investigations of metal acetylacetonates. VI. Cobalt(II) acetylacetonates.
